To Whom It May Concern:

I am requesting permission to have an awning installed in front of PASTIS Restaurant and Bar at 928 Canton Street Roswell, Georgia. I am requesting permission to widen the sidewalk and add sidewalk dining in front of the restaurant to add curb appeal to the building, street, and add outside dining which will be covered from direct sunlight, and rain. Like so many of the existing restaurants which have coverings over their outdoor dining I would like to have a covering which will also add to the street and allow dinners to eat outside during the many beautiful days we have in Georgia, as well as those with small rain showers.

Thank You

Carla S. Dent  
Owner PASTIS Restaurant and Bar
