

To: City of Roswell Design and Review Board  
From: Fellowship Bible Church  
Date: 10-01-2009

It is the intent of Fellowship Bible church to renovate their existing playground by removing the existing play structures and replacing them with new structures. At the same time we will be adding a small community pavilion.

The location of the playground will not change but will be expanded approximately twenty feet on the west side.

Fellowship's playground has always been open to the community during non church events and will continue to be so.

Sincerely,

Dwayne Mckean  
Director of Facilities
