

DRB RESOLUTION 201300203

**A RESOLUTION OF THE DESIGN REVIEW BOARD OF THE CITY OF
ROSWELL**

APPROVING
Design Plan Approval

Roadworx

Whereas the Design Review Board is established by Chapter 30.3.1 of the Zoning Ordinance;

Whereas a power relative of the Design Review Board is the review of all applications requesting design plan approval and grant, grant conditionally, or deny an application in accordance with the provision of Chapter 31.2 of the Zoning Ordinance, as specifically limited under the terms of Section 30.3.3 of the Zoning Ordinance.

Whereas in taking final action for a final design plan approval, the Design Review Board shall consider the following standards as defined in Section 31.2.14 of the Zoning Ordinance.

The Roswell Design Review Board finds as fact that the proposed project if constructed according to the material samples submitted and stamped "Approved DRB, Date 03/05/13", is in harmony with the general character of the neighborhood, adjoining properties and surrounding areas. The application is APPROVED with the following condition:

- Use darker stucco (111 Clay) for Building A
- Color of Buildings B, C & D must match Building A
- Add awning over doorways.

Approved renderings depicting signage does not constitute an approved sign. All signage must be applied for in a separate application and must meet City guidelines.

It is hereby certified that the foregoing Resolution is **ADOPTED** by the Roswell Design Review Board at its regularly scheduled meeting on March 5, 2013.

TOM FLOWERS, VICE-CHAIR
DESIGN REVIEW BOARD
