^A Projected enrollment for the 2014-15 school year based on forecasted enrollment.

^B Positive values indicate numbers of students a facility is over state capacity / negative values indicate number of students a facility is under state capacity.

* State capacity indicates space. However due to the number of special programs, portable classrooms or other measures may be needed to accommodate the instructional needs of the school.

** Student yields are calculated annually based on geocode of enrolled FCS students in built-out developments within the high school zone in which the proposed development is located.
