Re: Nesbit Reserve

Dear Ms. Deibel:

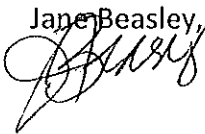

Based on the review of the Association's engineer we are providing approval for the following in regard to the above mentioned project: The final plat and landscaping plans have been reviewed by our civil engineer for compliance to the conditions in the City of Roswell approval of the rezoning. Anthony has approved the plan as submitted and will review the more detailed land disturbance plans when they are completed. Regarding the landscape plan, Anthony believes it meets all of the conditions of zoning contained within the zoning resolution.

Once the additional disturbance plans are completed, please let all concerned know so that they may be reviewed again.

Should you have any questions, please let us know.

Regards,  
On Behalf of the Board
