Subject: RE: Question about outdoor go-karting tracks

As you have stated below, that is a zoning issue currently under the jurisdiction of the Community Development Department. The Police Department is not involved in that review process.

Subject: Question about outdoor go-karting tracks

Chief,

Andretti's is going through our conditional use process to add two outdoor go-karting tracks in their parking lot area along Houze Way. Does the Police Department have any concerns or issues with the possibility of two outdoor tracks?

Please let me know.

Thanks,

Jackie
