Re: 1220 Oakhaven Drive

Driveway enhancement/ improvement

Dear Council Members,

I would like to request the council's approval to complete an additional driveway at 1220 Oakhaven Drive. The current ingress and egress is very limited in its functionality and is unsafe when exiting the property.

I understand that the city's guidelines for improvements, such as circular or horseshoe type driveways are limited to properties with minimum 200' of road frontage. Due to only having 150' of road front, I request permission to complete this additional driveway.

The home on the property was constructed in 1968 and has recently undergone external renovations including new siding and windows/doors. The requested driveway improvement will allow safe and adequate ingress and egress to this beautiful property. It will also provide space for parking, therefore keeping parked autos off of Oakhaven Drive.

I am including pictures and a drawing of my plan along with plan review comments from the City of Roswell's Transportation Dept.

Thank you for your consideration,

Jefferson M. Lovell (managing member)

Patricia T. Martin (manager)
