Dear Ms. Deibel,

We live at 10500 Woodstock Road (across from the Roswell Area Park entrance). We are writing with a concern about the above mentioned petition being changed from R-1 to C-2. This is a neighborhood of an old and new mix of homes many of which the residents have lived here for up to 40 years and more. The change in variances to the setbacks/ buffers would not concur with the surrounding residences.

We feel that once the zoning change begins, it will open up petitions for unwanted businesses in this area of Woodstock Road. Everyday children walk and ride their bicycles to and from the Roswell Park. This business and other future businesses could cause safety issues.

Please consider our request for denial of this petition. Thank you.

Sincerely,

Rob and Dolores Thompson  
10500 Woodstock Road  
Roswell, GA 30075
