I don't want this to be an issue for you all. I am fully supportive of this and see no issues.

Danelle Alloway, P.E., C.F.M.
Water Resources Engineer
Public Works/Environmental Department
City of Roswell
38 Hill St, Suite 235
Roswell, GA 30075
770.363.9445 (c)
770.594.6258 (o)

Public Works WORKS!

> This is a project we met on a little while back. We are proposing doing 100% pervious pavers for the water quality with a grass swale behind the townhomes for water quality. Detention in the rear in a pond for volume control. The site is fairly flat, so not enough topo to do underground detention. I believe zoning wants your concept ok to move forward with submittal.
