Dear City of Roswell,

On behalf of the Airmen of the 19th Expeditionary Weather Squadron (19 EWXS), the Task Force Soldiers, Marines, Sailors and Airmen, and myself, we would like to thank the City of Roswell for your generosity and thoughtfulness.

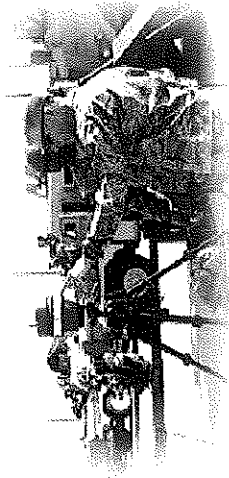

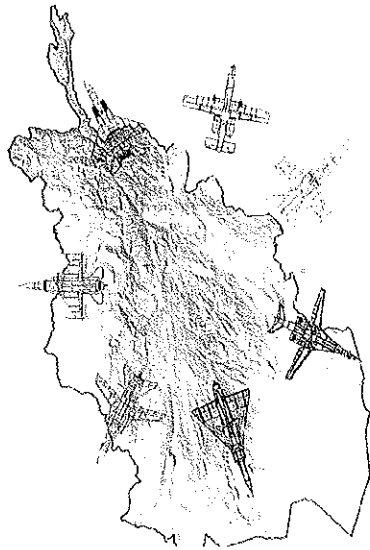

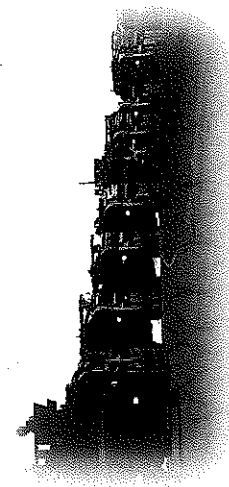

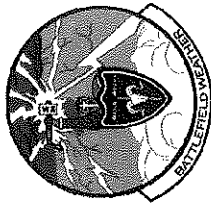

The care packages the citizens of Roswell sent were very well received and significantly boosted morale. All 85 of my Airmen at 15 different Forward Operating Bases and Combat Outposts throughout Afghanistan each received a special care package from you. The kindness and American spirit of your great city shone through in a big way over here. The people of your great city is a reminder of why we put the uniform on and deploy forward. Thank you for remembering us. May we always be free.

Please accept this small token from the combat veterans in Afghanistan. This flag was flown at Bagram Airfield, Afghanistan on Sept 11, 2012. Your kindness and spirit lifted our morale and reminded us that we are not forgotten.
