Re: Andretti Indoor Karting and Games

Dear Planning Commission Members:

Chambrel at Roswell is an assisted living and independent living residence for elderly individuals located at 1000 Applewood Drive, Roswell, Georgia 30076. We request that the proposed variance by Andretti Indoor Karting and Games be denied as it would take away from the quiet enjoyment of our community. There is no doubt the noise will have a detrimental effect on our seniors' quality of life.

Please find enclosed a list of our residents that oppose the variance request and we ask you to do the same at the November 16th public hearing.

Sincerely,

Jan Lotz
Executive Director

Taylor Evans
Director of Financial Services

Enclosure

We, residents of Chambrel at Roswell, an assisted living and independent living community, call on the Planning Commission of Roswell, to oppose a variance for Andretti Indoor Karting and Games at the November 16, 2010 hearing.

We are deeply concerned about the amount of noise and traffic this will bring to our home and the negative impact it will have on our quality of life.
