RE: Proposed Expansion of the Local Historic District Boundary
City of Roswell, Fulton County

Dear Courtney,

Thank you for the opportunity to review the expansion report prepared for the City of Roswell local historic district to include the Webb Street properties. In accordance with the Georgia Historic Preservation Act of 1980, our comments are advisory in nature. Our review is based on the provisions of your ordinance and the Georgia Historic Preservation Act, and of our partial knowledge of the historic resources in your community. After reviewing the memo, the ordinance proposed for amendment, the expansion report, maps, photographs, and the minutes from your February 13, 2013 meeting we concur with the expansion of this district. We support the actions of the Roswell Historic Preservation Commission (HPC) and the Roswell City Council with the expansion of this district.

We issue this support in observance to the historic property design guidelines addressing the potential COA processes for these historic properties and the potential infill in this expanded district. Please share this and other important resources with property owners and assist them with any questions or concerns. If you, HPC members, or Roswell City Council members have any additional questions or concerns please feel free to contact me directly at 404.651.5181 or by email at leigh.burns@dnr.state.ga.us.

Sincerely,

Leigh Burns
