Re: Request to install entrance walls and landscaping at Parkeast on Crabapple Neighborhood

Dear Board Members:

We, John Wieland Homes and Neighborhoods, wish on behalf of Mr. Pete Richards to construct an entrance wall and install landscaping material both of which will identify and enhance the Parkeast on Crabapple neighborhood which is located along Crabapple Road and Park East Drive in Roswell, Georgia. Constructing the entrance wall and providing great, entrance landscaping is needed to create a positive, attractive neighborhood feel along Crabapple Road which will assist neighborhood marketability, neighborhood sales, and help with the surrounding community's presentation.

The property we wish to enhance is at land lot 390, 1st district and 2nd section.

Regards,

Maurice Lester
