

DRB RESOLUTION 201300567

A RESOLUTION OF THE DESIGN REVIEW BOARD OF THE CITY OF  
ROSWELL

**APPROVING**  
*Design Plan Approval*

*TowerCom Wireless*

*Whereas the Design Review Board is established by Chapter 30.3.1 of the Zoning Ordinance;*

*Whereas a power relative of the Design Review Board is the review of all applications requesting design plan approval and grant, grant conditionally, or deny an application in accordance with the provision of Chapter 31.2 of the Zoning Ordinance, as specifically limited under the terms of Section 30.3.3 of the Zoning Ordinance.*

*Whereas in taking final action for a final design plan approval, the Design Review Board shall consider the following standards as defined in Section 31.2.14 of the Zoning Ordinance.*

The Roswell Design Review Board finds as fact that the proposed project if constructed according to the material samples submitted and stamped "Approved DRB, Date 04/02/13", is in harmony with the general character of the neighborhood, adjoining properties and surrounding areas. The application is APPROVED with the following conditions:

- The plant list that reflects six to seven should be seven to eight-foot materials.
- Water bags should be applied at the initial planting.
- Change the Magnolia to from a Grande Flora to a Bracken Brown Beauty and the Wax Myrtle to a Cherry Laurel.
- Submit updated plans to City Staff.

Approved renderings depicting signage does not constitute an approved sign. All signage must be applied for in a separate application and must meet City guidelines.

It is hereby certified that the foregoing Resolution is **ADOPTED** by the Roswell Design Review Board at its regularly scheduled meeting on April 2, 2013.
